## Citizens To Talk to Supervisors On Landfill

Meeting Wednesday; Chouteau Residents Urge Code Amendment

A citizens committee of Chouteau island residents will ask the County Board of Supervisors at its regular meeting at 9:30 a.m. Wednesday to order the repeal of a permit for operation of a proposed new landfill on Chouteau island, and to shut down a landfill already operating there.

Mrs. Fred Segar, chairman, said she and five other members of a newly-formed committee will confer today and tomorrow with attorneys and "we have several things ready to submit to the county board."

Specifically, the committee will request that the board order its building and zoning department to revoke a permit issued June 19 for operation of a new 60-acre landfill on property owned by the city of Madison, for which a lease has been in negotiation. And it will ask that the board order a shutdown of the landfill operated by Chouteau Island Landfill Corp., a St. Louis organization, on the allegation that it does not comply with state landfill regulations.

Of Major Proportions Mrs. Segar charged today that "this thing seems to be of such major proportions we couldn't get an attorney in Madison county who would touch our request to represent us. We had to go outside the county."

She said the committee members have two prospective attorneys with whom they plan to meet today.

The citizens committee set up after a "grassroots" meeting of approximately 60 area residents a week ago which an all-out fight against present and future large-scale landfill operations on Chouteau island was pledged.

Mrs. Segar was named chairman of a committee to spearhead the fight and she has appointed Mrs. Bonnie Peterson, Dale Schanuel, Mrs. Pearl Rippe, John Allen and Louis Clesko Jr. as members of her committee.

The move to set up the new landfill operation was blocked at least temporarily by the Madison city council last Tuesday night when the council and Madison Mayor Stephen Maers proposed a lease rental fee of \$8000 per month for use of the land.

Operators of the proposed landfill described the amount as unreasonable. The operators had offered rental of \$2000 per year plus free landfill privileges for the city of Madison.

The operators, Leo Abel and William Miller, said Maers provided a letter for the Madison county building and zoning department June 14 assuring that a lease would be approved by the city if an operational permit was issued.

The permit was issued by Jack Clifford, county building official, who said he did so only after application had been approved by the county board's sanitation committee headed by Carl Boehl, assistant supervisor of Granite City.

Invested Heavily Abel and Miller said they have invested heavily in equipment for the proposed operation and that arrangements had been made to comply in every way with state regulations controlling landfill operations.

In addition, they said they have posted a \$10,000 bond and paid a \$300 permit fee required under the county's landfill ordinance.

The permit for the Abel-Miller

## Big Population. Needed for \$3000 Landfill Income

A population five times the size of Madison county would be required to produce \$3000 per day revenue in a landfill operation, according to Jack Clifford, county building and zoning official.

He offered the estimate in connection with the controversy over the lease by the city of Madison of part of the Chain O' Rocks Bridge property to Leo Abel of Madison and William Miller of St. Louis for a landfill operation.

They had been negotiating to lease the property for \$2000 per year plus free dumping privileges to the city of Madison.

But after a published letter from a Madison resident suggested that the amount of business might be \$3000 per day, Madison Mayor Stephen Maers raised the lease charge to \$8000 per month.

Clifford said that to serve an island now operating on Chouteau Island charges a rate of 25 cents per cubic yard.

He said that Madison county produces about 600 tons of disposable waste a day, and one dump would have to serve an area of more than a million persons to provide revenues of \$3000.

The St. Louis metropolitan area contains more than two million people.

Trucks from Missouri Complaints of a large volume of trucks hauling Missouri trash and garbage to dumps in Illinois prompted the county board to possibly banning interstate trash shipments. It was later concluded that such a ban would not be constitutional.

Clifford said Friday that a landfill amendment will be presented to the Madison County Board of Supervisors for action at its meeting Wednesday morning.

The amendment to require specific study of each new landfill proposal, does not appear on the agenda for the meeting, but additional business can be considered.

County Sales Tax Listed on the agenda is a possible increase in the unincorporated area sales taxes collected by the county, from the present half-cent to three-quarters of a cent.

Also scheduled are awarding of bids for the floor at the county civil defense building and for renovation of the old Edwardsville post office for county office use; advertising for bids on improvement of courthouse steps and sidewalks and on a new heating system for the courthouse and county jail; and consideration of semi-annual reports of the county treasurer and coroner.

County highway matters will include a request for county aid to the Helvetia road district, a right-of-way report on County Highway 21 north of Troy, and Highway 21 bids for a three-span bridge and a corrugated steel plate pipe arch.

## United Fund Campaign Committee Will Meet

The Campaign Committee for the 1968 Tri-Cities Area United Fund will meet at 11:30 a.m. Wednesday in the conference room at the American Four Foundries, according to John D. Solenberger, UP executive director.

Lunch will be served after the session, with adjournment planned by 1 p.m.

At the meeting, important plans for this fall's fund-raising drive will be announced, the director said.

Mitchell B. Milonski is general chairman of the 1968 United Fund campaign, with Gerry Ansel vice-chairman.

## Council Slices Budget By \$92,460

To Take Action Tonight On \$1,664,095 Total, Plus Special Projects

The Granite City council sliced its proposed budget by \$92,460 Saturday morning and ordered an appropriation ordinance in the amount of \$1,664,095 for council action tonight.

The total below the estimated income of \$1,730,265, but aldermen are planning to add special projects, such as sidewalk, curb and gutter repairs and street improvements, before final adoption.

The biggest cut came in a fire department item providing \$40,000 for a new pumper truck. A truck could not be made in less than a year and a half after a contract was signed, and payment would not be made until then.

Also deleted in the fire department budget were \$2000 for a new auto for the fire chief, and \$3000 for repair of walls and doors in the interior of the main fire station. A \$1500 item for exterior painting of the main fire station was trimmed to \$500, as it was noted that the work need not be contracted and could be handled by the city painter.

Delele Autos The council deleted \$6000 for new automobiles for the inspection department.

The contingent fund was cut from \$15,000 to \$8000 as items previously covered were removed from the fund. Included were \$4000 miscellaneous expenses, \$500 expenses for the police chief, \$4025 for negotiations for the south part of Nemois road and \$2000 for the East-West Gateway Council. The last was transferred to the city planning department.

Cuts in the police department budget included \$3700 for two new patrol cars, \$2000 for two new patrol motorcycles and \$2000 for an unmarked car for the juvenile division. The council said that expenditures last year were only \$3,211.

The budget for maintenance of the sewer system was cut from \$81,000 to \$60,000 after it was pointed out by Alderman Bartosik that expenditures last year were only \$3,211.

The council eliminated a proposed revision of the municipal code for which \$8800 was earmarked.

Full-Time Attorney Alderman Bartosik suggested that the city employ a full-time city attorney, who could revise the code himself and who would be available to city officials at all times.

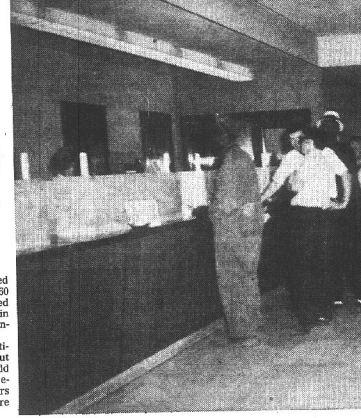

Alderman Norn, who chaired the meeting in the absence of vacationing Mayor Partney, said it would amount to "baby-sitting" a new lawyer for four years.

Bartosik replied that a full-time man could learn municipal law in a short time, and it would enhance the city. Alderman Boyd said that "it would be a polite way to get rid of Dick Allen" (present city attorney).

Bartosik protested a \$13,500 salary for an air pollution technical secretary, saying that the state administration would provide necessary services and information.

Alderman Moerlein said the state would not handle enforcement of the law here because of a number of factors, including a technical secretary is needed.

Bartosik noted that the state

## Union Electric, Striking Union To Confer Today

Union Electric Co. officials and representatives of striking Local 1455 of the International Brotherhood of Electrical Workers were scheduled to meet this afternoon in St. Louis to negotiate a new contract. The strike began early Friday.

While the dispute directly involves 1100 office workers who are members of the electrical union, operating engineers and other Union Electric union workers were also on strike. About 400 employees are off their jobs.

Company spokesmen said there has been no interruption of service and none is anticipated. The strike affected approximately 300 of the 400 employees at the company's power plant in Venice.

A dispute over contract issues, primarily the question of wage increases, resulted in the strike shortly after midnight Friday morning. Negotiations between the company and representatives of the International Brotherhood of Electrical Workers, of which the office workers are members, were broken off at 11:30 p.m. Thursday.

Other plant employees honored the picket lines set up by striking workers at the Venice and Cahokia plants on the Illinois side of the river, at the Morris, Ashley street and Wounds plants in the St. Louis area, and at Portage Des Sioux and Bagwell dam.

Picket lines also were established at offices at 315 North Twelfth street and 1901 Grandview street in St. Louis.

Supervisory employees took over operations in the power plants.

The office workers' contract expired June 30 and negotiations have been underway on a new contract since then.

Officials declined to divulge the present hourly rate of the employees or the amount of the raise being sought.

## Six Undergo Surgery

The following underwent surgery at St. Elizabeth Hospital since Thursday: Charles Crane, Edwardsville; Ernest Trachsel, 2608 Iowa street; Harry West, 2100 Rock road; Marcelle Daffin, 1124 Douglas street, Venice; Larry Smith, 2408 Lexington avenue; Daniel Thomas, 262 East 24th street.

Charles Barney, 21 of 1229 Market street was treated for minor injuries at St. Elizabeth Hospital at 1 a.m. Friday after he lost control of the car he was driving and crashed into a house in Venice.

He was released after treatment by Venice police on a charge of driving without a driver's license. He pleaded guilty to the charge in magistrate's court Friday afternoon, being fined \$100 and sentenced to three days in jail.

Police said Barney was driving south on Weaver street and lost control of his car as he turned left into Market street, crashing into the corner of the home of Joseph Moore at 1009 Market street. Foundation blocks were knocked out and a water pipe was broken, police said.

Edward Bain, 23, of 305 West Chain of Rocks road, was admitted to St. Elizabeth Hospital Saturday after his motorcycle struck a hole next to a rail and fell at the Illinois Terminal Railroad crossing on West Chain of Rocks near Old Route Three.

He was released from the hospital Sunday after treatment for a deep laceration to the left lower leg and abrasions to the left knee, left side, left forearm and chest.

## 24 Injured In 28 Area Traffic Accidents

Twenty-four persons were injured and 28 traffic accidents were reported in the 28 area highways during the weekend.

John J. Drennan, 18, of 2229 Edison avenue was hurt critically at 12:45 a.m. Saturday when the car he was driving and an auto containing seven members of a Trenton, Ill., family collided on U.S. Route 50 two miles east of Lebanon.

The son of Mr. and Mrs. John Drennan sr., he suffered a head injury. Employed part-time as an ironworker, he is an Assumption high school student.

Also injured critically was Drennan's passenger, William Tice, 17, East St. Louis, who received a concussion and jaw fracture. Members of the Karl Haselhorst family suffered less severe injuries. All nine persons were taken to St. Elizabeth Hospital, Belleville.

Injured in Venice Charles Barney, 21, of 1229 Market street was treated for minor injuries at St. Elizabeth Hospital at 1 a.m. Friday after he lost control of the car he was driving and crashed into a house in Venice.

He was released after treatment by Venice police on a charge of driving without a driver's license. He pleaded guilty to the charge in magistrate's court Friday afternoon, being fined \$100 and sentenced to three days in jail.

He was released from the hospital Sunday after treatment for a deep laceration to the left lower leg and abrasions to the left knee, left side, left forearm and chest.

Three fire companies responded to the alarm and were on scene for two hours. One fireman, Lenoy Harschberger, suffered a cut to the top of his foot and sutures were taken at St. Elizabeth Hospital.

The early morning incident occurred in the 2100 block of Bern street, where the two men found him and began striking him. When he was able to get up, he was taken to St. Elizabeth Hospital.

Police Chief Emmett Padd said the cause was unknown, but the structure is composed mostly of metal.

Smoke damaged merchandise in the store, including tools in the storeroom. Insurance adjusters were on hand today to determine the amount of loss. The store remains open.

## \$10,922 Robbery At Bank in Madison

Most of Big Crowd in Bank Unaware; Young Bandit Escapes in Car

Reviving memories of the 1920s and 1930s, a wave of four bank robberies struck Illinois and Missouri Thursday and Friday, including a \$10,922 holdup at the First National Bank in Madison while it was jammed with a holiday crowd at 11:45 a.m. Friday.

The robberies apparently were not connected.

Madison, state and federal authorities are seeking a man aged 25 to 35, five feet, nine inches tall, wearing black horn-rimmed glasses. He was neatly dressed in a white shirt, narrow brim tan hat, beige jacket and dark trousers.

Armed with a .38-caliber blue steel revolver and holding a dark green bag, the lone bandit used the Sixth street entrance in entering and leaving the bank, and selected the eastern lobby and position, that of Miss Frances Avgides, 33, assistant cashier.

After waiting in line about five minutes, the calm robber gently pushed aside the customer in line, 1957 Fifth street, East Madison, as she reached the front of the line. He shoved the gun against her chest, held out the paper bag and told Miss Avgides, "Fill it up, or do you want to see her dead?"

When the teller said, "Is this for real?" he repeated the instructions and told her "Don't press the alarm." When the bag was filled with \$10, \$20 and \$50 bills, he walked out at moderate speed past the waiting line and out the side door. Most of the 30 people in the bank were unaware of the crime, and some of those who saw him said they thought he might be a guard.

In leaving, he accidentally stepped on the foot of Mrs. Rose Thorpe, 2540 Delmar avenue. She said she was not hurt.

Whether there was anyone waiting for him to get away is not known. Two cars sped east on Sixth street.

Madison police, who had been in the bank only about five minutes before, later determined that the robbery car, still after 7:20 p.m. Friday from the Grandview, was the same.

Because of the urgency of ship-

## Kerner Signs Law Permitting Joint Clean Air Acts

Legislative measures permitting counties and cities to contract for joint control of air pollution with similar agencies of adjoining states were signed into law Thursday by Illinois Governor Otto Kerner.

The bills were introduced in the General Assembly by Rep. Pete Pappas of Rock Island and co-sponsors Ralph T. Smith, Speaker of the House, and Rep. Leland J. Kennedy, both of Alton.

The legislation was requested by the Illinois State Planning Commission in Rock Island county which serves three cities in Illinois and three in Iowa.

One of the bills pertains to a gift for the newly-formed Moon Spinners club.

A proposed interstate compact between Illinois and Missouri for joint control of air pollution between the St. Louis metropolitan area and the Madison-St. Clair counties area has not materialized because of disagreements between the two states over control regulations.

Members who had taken part in sewing projects modeled their dresses. They were Patty Bade, Sharon Bush, Kathy Carroll, Cheryl Gertsch, Helen Garmati, Nancy Hamilton, Linda McDonald, Donna Robertson, Cindy Schuber, Margaret Stuvart, Mary Uram and Susan Walsh.

Gall Forshee and Donna Kinney served as commentators for the show.

As part of the entertainment for the evening, slides of the 4-H camp at Lake Jacksonville, taken by Mari Ann Yevin, were shown, with Sharon Bush, Cheryl Gertsch and Linda McDonald commenting on the camp.

Mrs. Brave spoke on the 4-H program and noted that the clubs are sponsored by the Homemakers Extension Association. She outlined the club activities briefly, and then recognized and introduced members of the Homemakers unit who attended the program.

## Miss Spengler Chosen For Special Training

Miss Carol Spengler, a daughter of Mr. and Mrs. Robert Spengler, 3666 Terrace lane, assistant director of nursing education at the McMissouri Mental Health Center in Columbia, Mo., with Mrs. Sally Feeney, director, will attend the University of California in San Francisco for an intensive training program. They were awarded a federal government grant to meet expenses of the course.

The course, part of an extensive program is entitled "Integrating Psychiatric Principles." The session begins today and will continue into August. Field work for the program will be at Napa State Hospital and the San Francisco Medical Center.

Mrs. Feeney and Miss Spengler coordinate the in-service training and education programs for all nursing personnel at the Mid-West Mental Health Center, 800 Stadium road, Columbia.

An intensive two-week orientation program is given to all new nursing personnel, including aides and hospital attendants. Additional training and continuing education are provided for all nurses on a regular basis. Miss Spengler lives in Columbia and Mrs. Feeney is residing in Jefferson City.

## Summer Has Its Share of Hazards

Winter is commonly the time for colds and flu, and sneezes, but there are some diseases and accidents that do their worst in hot weather.

Some of these are obvious. Sun strokes and heat strokes are more likely to occur in July and August than in January.

Too much exposure and too much exercise in the hot sun may produce sun stroke. Prolonged excessive heat, either in or out of doors, can cause heat stroke.

The symptoms are the same and in either case it is important to keep the victim cool and call a physician at once.

Heat prostration also is caused by getting overheated, but instead of developing a high fever, the victim becomes cold and clammy. Prompt medical attention and keeping the patient as warm as possible are important.

Sunburn has hospitalized many a vacationer. Everyone should know that gradual exposure to the sun, beginning with a few minutes a day, is the recommended course.

But many of us forget to watch the clock and to take precautions against sunburn in the excitement of the first day at camp or at the seashore.

The bacteria that cause diarrhea multiply much faster in lukewarm foods, and it's important to keep cold foods in refrigeration and to keep hot foods hot.

Swimming is fine exercise and also is good for cooling off on a hot day. Those with sinus or ear troubles should be careful about swimming.

Swimmers should make certain that the water is safe from pollution. A clear mountain stream may look attractive. It also may be loaded with germs. And there still are cases of typhoid and dysentery from drinking untreated water.

Campers can disinfect water by boiling or by commercial disinfectant tablets.

If there are horses or cows around, there is likely to be tetanus. Tetanus (lockjaw) is very serious. It can be prevented by injections of tetanus toxoid. If your family hasn't had tetanus boosters recently, get your shots before going to the country.

Flies, roaches, mosquitoes and ticks are troublesome in hot months. Insecticides and screens usually can keep them under control. In tick country it is essential to make a close examination after disrobing to remove all ticks.

## Col. Vickers Joins 1st Marines Near Da Nang

Marine Lt. Col. Earl K. Vickers Jr., son of Mrs. E. K. Vickers, 2509 Edison avenue, has reported for duty with the Headquarters Battalion, a unit of the First Marine Division, near Da Nang, Vietnam.

Headquarters Battalion is a part of the Marine Corps air-ground team, and the command center of the First Marine Division. Marines and sailors assigned to the battalion work on the staff of the commanding general or as assigned to one of the five specialized companies, including Headquarters, Communications, Military Police, Dental and Service Company.

The battalion is located on a hill mass named 327, which overlooks the city of Da Nang, its airport and harbor.

In addition to administrative and logistical duties, members of the battalion are also engaged in civic action programs, designed to assist the Vietnamese people in completing self-help projects, making use of equipment and materials made available through the Marine Corps and Reserve Civic Action Fund.

## Laid Off Employee Sues to Get Job Back

A suit seeking a declaratory judgment against Granite City Steel Co. has been filed in Madison county circuit court for Arthur J. Gremaud of Troy, a laid-off employee who is trying to be reinstated in his job.

The complaint charges that an error was made in a new seniority list which was posted at the plant on April 1, resulting in his layoff.

According to the complaint, Gremaud was employed in the burner unit of the machine shop department, with seniority dating back to Feb. 9, 1949. It said the new list placed William Baldasare in front of Gremaud, and that Baldasare is doing the work which he should be performing under the labor contract agreement.

Gremaud, who said he was making \$3.38 1/2 cents an hour plus incentive pay, claims a violation of the collective bargaining act.

He is asking the court to order a correction of the seniority list, reinstatement of his job, back pay and costs.

## Industries Lag In Filing Clean Air Intent Forms

An estimated two-thirds of Illinois industries, including a large number in the Madison-St. Clair county metropolitan area, have only three days to file with the state information on plant air pollution emissions and their plans for controlling it.

This Thursday has been set as the deadline for filing the "intent of intent" required of all Illinois industries to provide the Illinois Air Pollution Control Board with information on an industry's processes, fuel combustion and emissions into the atmosphere.

Robert R. French, chief of the Bureau of Air Pollution of the Illinois Department of Public Health, said about 250 information statements have been received. Statements still are to be received from about 4500 industries.

In addition, about 3000 industries in sparsely inhabited rural sections also have been sent the intent forms, but the rural area industries have until Oct. 15 to return them.

French pointed out that filing of the letter of intent is the first step required of industries toward reducing air pollution under new regulations established by the state in March.

The new rules emission of smoke and particulate matter from incinerators, industrial operations and indirect heat exchangers.

French said that of the 2500 industries in metropolitan areas that have returned the letters, about 150 are in the Madison-St. Clair counties area. Records show that Granite City Steel Co. is among those which have filed the form.

French said the complex form is "forcing some firms to scratch for the data because some have no information on emissions for stacks on certain processes, no data on coal-fired boiler emissions and nothing on incinerator emissions."

Industries are required to include in the forms data on the type of raw materials processed, an estimate of the quantity and type of emissions, detailing of operations considered a major source of air pollution, details on existing gas cleaning equipment and problems anticipated in the reduction of emissions.

## Citizens for Clean Air Name Officers, Board

An election of officers was held at a regular meeting of the Citizens for Clean Air organization Thursday, held as an open air forum in Wilson Park.

Newly-elected officers are chairman, Mrs. Jean Francis; co-chairman, Mrs. Carole Lanter; secretary, Mrs. Jo Ross; and treasurer, Rick Malcor.

Newly-appointed directors are Dr. Raymond E. Troyer, head of the Quad-City Ministerial Association and also affiliated with the psychology department at SIU-Mc, and Dr. Felicia Koch, secretary of the endorsement of the Tri-Thursday at 16th street and Washington avenue on charges of criminal trespass to land. The complaints were signed by Bryon E. Evans.

## Denies Traffic Charges

Willie Lattin, 27, of 221 Hill street, Eagle Park Acres, pleaded innocent in magistrate's court Friday to charges of careless driving and driving without a driver's license. He posted \$100 bond, and trial was set for Aug. 16. Venice police arrested Lattin at 10:30 p.m. Thursday after his car allegedly struck the rear of a state-owned truck in front of the home of Thomas E. McCosky, 1241 Klein street, Venice.

## Funeral Rites Here for Robert N. Lyerla, 67

Graveside services were held here Saturday for Robert N. Lyerla, 67, of 3711 Olive street, St. Louis, the father of a local resident, who died July 8 at Homer G. Phillips Hospital, St. Louis. In ill health for some time, he had been hospitalized five weeks.

Mr. Lyerla, a retiree, was born in Creal Springs, Ill. He had resided in the St. Louis area for six years. His wife, Mrs. Ruth Lyerla, died in 1927.

Surviving are a daughter, Mrs. Melba Manning, 5152 Lakeview drive; one sister, Mrs. Jennie Keller of Marine, Ill.; a brother, Herschel Lyerla of Alton; and two grandchildren.

Funeral arrangements are given in today's obituary column.

## Voyage on Great Lakes Freighters Described

An opportunity to witness the complexities of shipping iron ore via the Great Lakes carrier route has been afforded a local couple and relatives from Texas who traveled round-trip by freighter from Ashabula, near Cleveland, O., to Silver Bay in the Duluth area of Minnesota.

Mr. and Mrs. George W. England jr., 2 Terrace lane, accompanied by the former's brother-in-law and sister, Mr. and Mrs. Arthur J. Williamson of Waco, Tex., formerly of Granite City, regard their unusual six-day experience as "highly enjoyable, relaxing and educational."

England, who is blast furnace superintendent at Granite City Steel Co., said the chance to make the freighter run came at the invitation of friends. Passengers are not normally carried aboard Great Lakes cargo ships, he explained.

The foursome traveled on the 604-foot Steamer Thomas Wilson, which has a capacity of 16,000 tons and a crew of 34.

England said the vessel carries general freight. On the recent voyage, it sailed without cargo from Ashabula to Silver Bay, where a shipment of iron ore was loaded for the return journey to Cleveland.

Describing their experiences as restful, yet invigorating, England said the food was excellent. Television was available on board the ship.

Mrs. England enthusiastically recalled the lake shore scenery. She commented that while passing between Lake St. Clair and Lake Erie on the Detroit River, the group was treated on July 1 to a spectacular fireworks display in Windsor, Ontario, Canada, in celebration of Dominion Day.

England said it required approximately 45 minutes to take the large cargo steamer through the lock facilities at Sault Ste. Marie, between Lake Huron and Lake Superior.

## Lt. Santagato With Army at Korea Frontier

Second Lt. Louis R. Santagato, son of Mr. and Mrs. Louis Santagato, 2525 Edwards street, is in Korea serving as supply officer with the 2nd Battalion, 17th Infantry, of the 7th Infantry Division.

A member of the June 1963 class at Granite City high school, Lt. Santagato subsequently attended the Officers Candidate School at Fort Benning, Ga. He received a commission as second lieutenant of Infantry in January 1967.

Lt. Santagato is one of many second lieutenants assigned to the 7th Division from Officer Candidate Schools. In the division, 25% of the lieutenants assigned are OCS graduates. Eight others in the U. S. provide officers to help meet the shortage that currently exists in the Army.

Since joining the division in March 1967, Lt. Santagato has led his section through routine garrison-type training as well as a series of rigorous field training exercises. He is stationed along with his unit close to the demilitarized zone that separates the Republic of South Korea from Communist North Korea, with the assignment of maintaining defense of the frontier.

### Faces 4 Traffic Charges

Louis Halliburton, 2612 Center street, was arrested at 2:20 a.m. Friday at 27th and Adams streets on charges of driving his motorcycle 65 miles an hour and with violating stop signs along 27th street at State street, Grand avenue and Benton street. He was released on \$100 cash bail.

## Fees for Auto Registration, Title Doubled

A new fees schedule is in effect today for motor vehicle certificates of title, registration cards and related transactions, Illinois Secretary of State Paul Powell has announced. In all cases, the fees have been increased from \$1 to \$2.

The new fees apply to applications for certificates of title, transfer of titles, corrected or duplicate titles, registration transfers, and corrected or duplicate registration cards.

The new fees are expected to increase the state's revenue by almost \$4 million a year, Powell said. The measure establishing the new schedule was enacted by the General Assembly and signed into law Friday by Gov. Otto Kerner. It was effective immediately, and will apply to all transactions completed after noon Saturday, July 15.

Powell pointed out that the Governor's Business Management Study Committee for Illinois included in its recommendations that only the fee for a duplicate certificate of title be increased, from \$1 to \$5, and estimated that the resulting increase in revenue would amount to \$500,000 a year. "By spreading a smaller unit increase over a wider variety of types of motor vehicle transactions, we have been able to gain an annual revenue increase of almost \$4 million for the state," Powell said.

The doubling will result in total estimated income in the 1967-69 biennium of \$7,390,784, including \$6,721,900 from titles for the general fund and \$1,208,884 from registrations for the road fund.

## Business, Mobile Home Requests Recommended

The Madison County Zoning Appeals Board last week voted to recommend approval of a petition by Andrew Gifford, owner, and John Sobel, purchaser, to rezone a Nameoki township tract from R-3 one-family residence district to B-2 general business district.

Also recommended for approval by the County Board of Supervisors was a special use permit for Tester Merchant to place a mobile home in an R-4 single-family residence district of Venice township.

Four other local recommendations have been held in abeyance since the June meeting of the supervisors. The Appeals Board votes would:

Deny a special use permit to Floyd L. Hannel for a confectionery in his home in a Chouteau township R-4 single-family district.

Grant a special use permit to Lloyd Belcher sr. for a warehouse to store household goods with adjacent office facilities and parking in a Chouteau R-3 one-family area, provided that he complies with all building code requirements.

Deny a special use permit to Melvin Davis for a mobile home in an R-4 district of Nameoki township.

Grant a special use permit to Louis Green, Daniel F. Boone, Harvey Boone, Bradley Boone and Bud Arnold for a truck warehouse in a Nameoki township R-3 district, with the stipulations that a dust-free surface be applied on the truck parking area and that a chain-link fence at least six feet high be built around the entire perimeter of the area.

## 1st Public Arch Rides July 24

The Bi-State Development Agency announced Saturday that agreement has been reached with the National Park Service to open the passenger transportation system in the north leg of the Gateway Arch to the general public at 12 noon Monday, July 24, 1967.

Although final plans have not been completed, it is anticipated that a short dedication program and ribbon-cutting ceremony will take place at 11 a.m.

Missouri Gov. Warren E. Hearnes, George B. Hartzog Jr., director of the National Park Service, and St. Louis Mayor A. J. Corvante have so far indicated that they will attend in person; Illinois Gov. Otto Kerner will be represented by a high state official.

It is hoped also that there will be a good attendance from members of the Congressional delegation of the Missouri-Illinois metropolitan bi-state district.

Following a ride to the top by the distinguished visitors, sale of tickets to the general public will commence, with the first trip scheduled for noon.

Preceding the dedication ceremony July 24, on Sunday, July 23, the Bi-State Development Agency will conduct a pre-opening day inspection tour of the transportation facilities for news media, local governmental officials and civic leaders.

## Cong. Price Backs Rent Supplement Proposal

The rent supplement program has received strong endorsement late last week from Cong. Melvin Price when he appeared before a Senate appropriations subcommittee considering Department of Housing and Urban Development funds for fiscal year 1968. The local congressman joined Fred Teer, president of Denver-based Association, and Fr. Lawrence Walker, pastor of Central City Organization leaders of two East St. Louis rent supplement projects, at the hearing. Both projects are eligible for below-market-rate interest financing, which has been set at 3%. Under the rent supplement program, low-rent housing is built by private enterprise through non-profit and limited-dividend corporations.

#### Rose Garden Tour By Gardenaires

The Gardenaires Garden club met Thursday with Mrs. Mary Kristian of Indiana avenue. The rose garden of the hostess was toured and afterward a brief business session was conducted by the vice-president, Mrs. Earl Glenn.

A dessert course was served and plans were made for the next meeting Aug. 16 at 7:30 p.m. in the home of Mrs. John Farrell, 3219 Willow avenue. Present at Thursday's meeting were Mrs. C. E. Ends, Mrs. A. J. Shannon, Mrs. Farrell and Mrs. Glenn.

#### TRAINING PLANNED FOR HOMEMAKERS OFFICERS

Mrs. Robert J. O'Connor, county second vice-president in charge of membership, will conduct a training session for Homemakers Extension Association unit second vice-chairmen Wednesday, July 19, at 1 p.m. at the Extension office in Edwardsville.

Mrs. O'Connor will be assisted by Mrs. Russell Weger of Mulberry Grove, Ill., Homemakers Extension Federation District Seven Director. The ladies will discuss the duties of the office as well as ways of increasing membership.

Satisfaction comes in many ways, but it's seldom gained by figuring the dollars and cents.

#### LOCAL COUPLE RETURNS FROM WESTERN TOUR

Mr. and Mrs. John Juhaz Jr., Rural Route Two, have returned from a vacation in the state of Colorado, Utah and Wyoming. Enroute, they visited Mr. and Mrs. Richard Judd, formerly of Granite City, who are residing now in Kansas City, Mo.

Major points of interest on the tour were the U. S. Air Force Academy, Pike's Peak, Colorado Springs, Mesa Verde National Park, where they viewed cliff dwellings of the Pueblo Indians more than 700 years old, and Salt Lake City in Utah, Jackson, Wyo., the Grand Teton Mountains and Yellowstone National Park.

Highlight of the trip was a five-mile all-day excursion into the San Juan Mountains on the Rio Grande's Narrow Gauge Railroad, which followed the same route from Durango to Silverton, Colorado, as it did when Silverton was a booming mining town.

MR. AND MRS. DAVID M. BORG, who were married Saturday at St. Mary's Roman Catholic Church in Madison. The bride is the former Paula Loftus, a daughter of Mr. and Mrs. Thomas Loftus sr. of Madison.

### Miss Paula Rae Loftus, David M. Borg Married

Miss Paula Rae Loftus and David M. Borg exchanged wedding vows in a ceremony taking place Saturday morning at St. Mary's Roman Catholic Church in Madison.

The bride's parents are Mr. and Mrs. Thomas Loftus sr., 2002 Hildebrand avenue, Madison. Mr. Borg, who resides in Belleville, is a son of Mr. and Mrs. Kermit Borg of Austin, Tex.

White gladioli and pom poms decorated the sanctuary for the 11 o'clock Mass, at which Rev. Engelbert Biernik, O.F.M., officiated. The double ring ceremony was used.

Sister Alice Marie, A.P.S., presided at the organ and accompanied the soloist, Thomas Loftus Jr., as he sang "On This Day," "O Lord I Am Not Worthy" and "Mother At Thy Feet We're Kneeling."

The bride, escorted by her father, was attired in a gown of peau de soie appliqued with hand-finished Alencon lace. The sabrina neckline was highlighted with pearls and sequins and the floor-length sheath had a sweeping train.

A headpiece of crystals and seed pearls secured the bride's veil of imported silk illusion. She carried a bouquet of stephanotis and variegated ivy centered with an orchid corsage.

The attendants were dressed alike in floor-length gowns of soft blue crepe. They were styled along slim lines with white Chantilly lace over blue lace. The bodices, which came to the natural waistlines, had scalloped necklines and elbow sleeves.

Panels of crepe fell from the shoulders in the back and both wore matching flower headbands. They held colonial bouquets of white daisy pom poms and yellow Sweetheart roses.

Miss Patricia Loftus was maid of honor for her sister, and Miss Jo Ann Gwin, a cousin, served as bridesmaid.

Eileen Loftus, a niece of the bride, and Thomas J. Loftus III, a nephew, served as flower girl and ring bearer. The former wore a dress of white peau de soie covered with Chantilly lace and a headpiece like the older attendants, and carried a small bouquet of white pom poms and roses.

Lawrence Myron was best man and Sonny Davidson and Raymond and William Loftus, brothers of the bride, served as groomsmen and ushers.

Mrs. Loftus, the bride's mother, wore a pink linen suit trimmed with pink lace and white and pink accessories. The bridegroom's mother chose a dress of Nile green lace and beige accessories. Both had white cocktail orchid corsages.

A reception was held at the VFW hall after the ceremony and the newlyweds left for a honeymoon in the Ozarks. When they return they will live in Granite City.

The former Miss Loftus graduated from St. Teresa Academy in East St. Louis. She is employed in the offices of Dow Chemical Co.

Mr. Borg, an electronics inspector for the McDonnell Douglas Corp. in St. Louis, is presently attending Southern Illinois University, Southwestern campus. He received his early education in the Austin, Texas, schools.

## Tax Collection In Venice Ends; GC Shutoff Aug. 18

Tax payments totaling \$2,103, \$19 were made to the Venice township tax collection office in Madison, which opened June 19 and closed Friday afternoon, Frank Reidelberger Jr., township tax collector, reported today.

Payments made during the local collection period amount to 76% of the total of \$2,767,152 billed for payment by Venice township taxpayers for the 1968 tax year.

Among final payments Friday was \$229,283 received from Union Electric Co. as the company's first installment. The bill for the second installment of the firm is \$164,991.

Reidelberger said that Union Electric filed notice of objection to approximately \$8,000 of its overall tax bill. He said this amount was paid in full and will be held in escrow pending court rulings on formal objections.

### Books To County

A breakdown of payments in real estate and personal property taxes will not be available until the books are balanced within the next week to ten days. The books then will be sent to the county treasurer's office at Edgewood, where further payments by delinquent Venice township taxpayers will be made, with a 1% penalty added.

Meanwhile, E. R. "Pat" Rich, Granite City treasurer, announced a shutoff date of Aug. 18 for local collection of taxes from Granite City taxpayers at the treasurer's office in the city hall.

Rich said payments at the local office passed the million-dollar mark Friday, \$1,578,994. Collections began June 26. These include payments totaling \$306,798 in personal property taxes and \$972,135 in real estate taxes.

## Hearing Held on New Interstate 255 Bridge

The Illinois Department of Public Works and Buildings, Division of Highways, and the Missouri State Highway Commission have made joint application for approval of plans for a bridge to be constructed across the Mississippi River 100 feet upstream and parallel to the existing Jefferson Barracks Bridge near St. Louis. The new structure will carry traffic westbound on Interstate Route 255.

Plans proposed by the states were the subject of a public hearing held by the Army District Engineer in his office Saturday.

The plans indicate that minimum low steel elevation through the channel span will be 77.5 feet above the 2% line, equivalent to 68.7 feet above recorded high water.

A horizontal clearance of 645 feet will be provided through the channel span. The auxiliary span will provide a minimum vertical clearance of 74.6 feet above the 2% line with a clear width of 645 feet between piers.

Members of the Quad-City Detachment attending were: Connie Bauer, detachment commander; Thomas Stephens, Wayne Baumeier, H. C. Reishardt, James Perdue, Earl Dauberman, James Kenney and Ted Barr. The latter was elected to the office of Fifth District commander. Comp. Melvin Price was guest speaker at the installation of officers Saturday evening. Many representatives of veterans' organizations were present, including National Commander Blackie Downing of Washington, D. C.

## Metal Tube Explodes, Youth Loses Finger

Dean Adams, 18, of 2905 Pershing Blvd., lost his left index finger when a metal tube containing powder exploded at 1:30 p.m. Sunday.

Police said he had removed the heads off some matches, pulverized them, placed them in the tube and hit it with a hammer. The finger was amputated at St. Elizabeth Hospital, where he was admitted.

He also suffered a two-inch laceration to the left thumb, and x-rays of both hands were taken.

## Pvt. Michael Singleton Spending Leave in Area

Pvt. Michael Singleton, a 1966 graduate of Granite City high school, arrived home during the weekend for a two-week leave. He has just graduated from microwave electronic training at an Army Signal Corps school. He is the son of Mr. and Mrs. Bernard Singleton, former Granite City residents, who reside at 112 Third street, Collinsville. He will leave for Fort Lewis, Wash., July 22. From there, he will depart for Taiwan, Formosa.

## Elbert Fisk, Wife Shot Fatally at Home; Man Sought

Mr. and Mrs. Elbert Fisk, 46 and 44 years old, former Granite Cityans and Madisonians, were shot to death at 11:30 a.m. Saturday in their home at 5020 Towne Court road, Mattess, St. Louis county.

A first-degree murder warrant has been issued against Richard Paul Anderson, 26, a warehouseman, who had tried to see Mrs. Fisk's daughter, Mrs. Patricia Oberschelt Todish, 20.

Anderson was identified by Mrs. Todish by his voice when he appeared at the Fisk home. The door was answered by her stepfather. She was in the living room at the time and did not see Anderson, but recognized his voice as he asked to see her.

After he was told he was not welcome, three shots were heard. Fisk later being fired on in the kitchen floor, wounded twice in the head. The assailant apparently then entered the house and met Mrs. Fisk, who was running to the foyer to see what had happened. She turned and fled into a garage, where she was shot in the upper part of the back. Mrs. Fisk ran up an incline to a neighbor's house, where she was admitted and fell in the entrance hall, dying there without being able to speak.

Anderson, who had visited on previous occasions at the Fisk home, was convicted at St. Louis March 3, 1963, of assault with intent to rob and was sentenced to three years in the Missouri penitentiary. He was charged with robbery in Buffalo, N. Y., in 1967 and was convicted of robbery at Elmira, N. Y., in 1969. He has been arrested 18 times. He is being sought in connection with these shootings and is believed to have possibly gone to New York or California.

The Fisks moved from Granite City to St. Louis county about three years ago. Their daughter was their only child.

He was employed as a Norfolk & Western Railroad clerk in a St. Louis office. He served in the Army in world war II. He was director of the Norfolk & Western Credit Union in Madison and a member of the Railway Clerks. He was born in St. Louis.

Mrs. Fisk, the former Victoria Satay, was born in East St. Louis and resided in Granite City and Madison most of her life. She worked at the Canco canning firm as an inspector and was a member of Steelworkers Local 3028.

She is survived by two sisters, Mrs. George (Frances) Lancaster, Troy, Ill., and Mrs. Edward (Mildred) Vaughn, 3031 Washington avenue, Granite City; a brother, Micky Satay, Port Charles, Fla.; and her mother, Mrs. Katie Satay of Troy, Ill.

Mr. Fisk leaves one brother, Robert Fisk, Mesquite, Tex., and his mother, Mrs. Gladys Fisk, Athens, Tex.

Their remains are at a Madison funeral home. Arrangements are given in the obituary column.

## Amsted Offers to Buy Wire, Cable Company

AMSTED Industries, which operates American Steel Foundries, last week offered to purchase the stock of the Macwhyte Co., Kenosha, Wis., at a cash price of \$41.50 per share. The proposal has the full support of the Macwhyte management. The tender offer, which expires July 31, was announced in a joint statement. Joseph B. Lanterman, AMSTED's president, and George C. Wilder, president of Macwhyte, said Macwhyte's officers, directors, and their families, who jointly hold more than 30% of the company's 326,305 outstanding shares, have agreed to tender their stock to AMSTED. AMSTED does not currently own any Macwhyte stock. The offer was mailed to stockholders along with a letter from Wilder recommending acceptance.

If the proposal is consummated, the Macwhyte Co. would be the second major acquisition in AMSTED's current fiscal year. The Litho-Strip Corp. of Chicago, which refinishes cold steel and aluminum, is in the application of coatings, laminating and electroplating. It was purchased for cash in December 1966.

Macwhyte, founded in 1896, manufactures wire rope, slings, aircraft cable and the rods. Its 1966 sales were \$14 million. AMSTED has 31 plants.

MORE ABOUT

### Citizens to Talk

operation was issued only a few days before the county board was scheduled to consider an amendment to the county landfill ordinance that would require specific approval of use permits under county zoning for any new landfill operations. The amendment has been under discussion since January or February, the Zoning Appeals Board says.

Under the ordinance as it now stands, landfills may operate in areas zoned as industrial or "manufacturing" districts, without recourse to the zoning board or county board.

The amendment, therefore, would have subjected applications for new landfill operations to specific scrutiny rather than to virtually automatic authorization.

The proposed amendment did not come up for discussion at the June 22 meeting of the county board, and there has been no firm indication it will be presented to the board in Wednesday's meeting. However, the Chouteau township citizens are contacting board members to urge approval of the amendment.

Clifford said action on the amendment was held up for further study of the effect it would have on individual landfills operated by Madison county industrial waste.

Prepare for Crackdown  
Meanwhile, Clifford's department was preparing a crackdown on Madison county landfills that do not comply with state regulations or the county. He said it is probable that 12 to 14 landfills now operating in various parts of the county will be shut down for failure to comply.

Operators of three landfills who met with Clifford and the sanitation committee recently agreed to comply with the ordinance and were given until Aug. 21 to meet the requirements.

Operators of five other landfills were to meet today with the county officials concerning their plans toward compliance with the regulations.

Clifford said that only one of the 25 landfills in Madison county "comes anywhere near complying with all the regulations. That will mean they will be closed down."

Regulations that went into effect June 1 prohibit open burning and open dumping.

Operators are required to cover everything with six inches of earth at the end of each day's operations. When the dump is within two feet of the proposed grade level, it must be covered with soil and seeded to prevent erosion.

Four Arrested After  
Fight Early Sunday  
Four were arrested at 12:30 a.m. Sunday at Ray and Nell's tavern, 1413 Second street, Madison. Cash bonds of \$25 each were posted and they were released pending hearings.

Curtis Marshall, 24, St. Louis, was booked for disorderly conduct and resisting arrest; James Showalter, 23, Akron, O., fighting; Pat Marshall, 24, St. Louis, disorderly conduct and drinking in public; and Chester Marshall, 25, St. Louis, fighting.

NICK WARGIN

OBSERVES BIRTHDAY

A birthday observance was held Thursday evening for Nick Wargin, seven, son of Mr. and Mrs. Nick Wargin, 919 Grand avenue. The house was decorated for the event, and two decorated cakes centered the refreshment table.

Mrs. Evelyn Eaves, grandmother, baked a cake especially for him using a baseball theme. The other cake was baked by Miss Rose Jacobovich.

Gifts were presented and opened. Games were played, with prizes won by Nick Feurka and Donna Bokovsky. Others present were Mrs. Eaves, Mrs. Julia Voloski, godmother, and her daughter, Carla, Mrs. Pat Bojovsky and children, Donna and Tommy, Mrs. Vickie Skundrich and son, Michael, and daughter, Tina, Mrs. Maria Ozanich and children, Carolyn, Elaine and Mike, Mr. and Mrs. Leo Poznanovich and son, Michael, Pete and Nick Pecurka, Mr. and Mrs. John Maeris and son, Johnny, and Cathy and Donna, sisters of the honored guests.

Each child received a comic book and a party hat.

### CAMP MEETING ENDS

The annual camp meeting of the Illinois District of the Pentecostal Church of God has been completed at the Cook camp grounds. The ladies group of the Madison church was in charge of the kitchen.

Those assisting were Mrs. O'Guin, Mrs. Goldie Teeter, Mrs. Edith Teeter, Mrs. Lena Rash, Mrs. Laura Walton, Mrs. Joyce McDonald, Mrs. Leah Dalton, Mrs. Vernette Longbottom, Mrs. Betty Vangilder, Mrs. Esther Gardner, Mrs. Gladys Ray, Mrs. Gertrude Sprankle, Mrs. Lena McCarty, Mrs. Ava Baker and Mrs. Cynthia Bolin, plus Paul Vangilder, Glen Sprankle, Jim Hickman, Tim Gardner, Jim Dalton, Joe Steele and Louis Longbottom.

Rev. C. M. O'Guin was the morning speaker at the camp. Louis Longbottom was crowned camp king at Friday evening's meeting.

Rev. Alan Wunsch was in charge of the camp, with Rev. Don Prior of Indianapolis, Ind., the night speaker.

A birthday party was held in the Reeves home Saturday evening in honor of the birthday of Bobby, who is seven years old. Dinner was served to Mr. and

### HOME FROM ALASKA

Mrs. Jean Ross, 1620a Sixth street, Madison, and her 11-year-old nephew, Donald Sawicki, 2665 Adams street, returned by jet plane Wednesday after spending three weeks in Anchorage, Alaska.

Mrs. Ross has a son and daughter-in-law, Staff Sgt. and Mrs. Joe Tomases and daughters, Susan and Beverly, who have been in Anchorage for three years.

The two enjoyed a number of sights while in Alaska and saw an Eskimo exhibition, including a welcome dance and blanket toss.

They also saw Vice-President Hubert Humphrey as he arrived at Elemenado Air Force Base in Alaska. Friends of the Tomases family entertained the Illinois guests at Anchorage.

plans for a new city hall building, commenting that the current building is old and inadequate and will cost \$30,000 to repair. A motion to hire an architect for \$8000 to \$8000 lost for lack of a second. A second motion to appropriate \$8000 to rewire the city hall also failed to get a second.

Fry Leaves Meeting  
The 3 1/2-hour meeting nearly ended soon after it started. A bare quorum of nine members appeared.

Alderman Fry, after an unsuccessful attempt to cut the budget for clerical help in the city clerk's office from \$9800 to \$5800, left the meeting without a word, leaving the council without a sufficient number of members to take any action. The expenditure last year was \$8900.

But Alderman Poulos then showed up and the meeting continued. It later was noted that Fry's mother is hospitalized and that he left to be with her. Fry said the meeting had been described as being held for the purpose of cutting the budget, and that failure of the motion indicated the meeting might be a waste of time.

Other aldermen attending were Dallas, Green, Parney and Robertson. Others were reported to be on vacation or at work.

### HOMEMAKERS' PREPARE 'FEATHER FLOWERS'

The Isabel Bevier unit, Madison County Homemakers Extension Association, was host to a craft day Thursday evening in the home of Mrs. Myrtle Hickman, 45 Terrace lane. Mrs. Fleckman from East St. Louis served as the instructor on "Making Feather Flowers." Following the instruction session, refreshments were served by the hostess to the host unit's members. Mrs. Helen Cavar, chairman, Mrs. Lucille Lipe, Mrs. Fern Cavar, Mrs. Edith Ross, Mrs. Doris Wilson and Mrs. Bessie Bueche to a guest, Mrs. Donna Hogan, to Trio members, Mrs. Marjorie Lybarger, Mrs. Evan Graklanoff and Mrs. Sarah Ruber, and to Mrs. Elsie Stephens of the Granite City unit.

Mrs. Cavar announced coming events to her unit members. On Aug. 24, a family picnic is planned at Wilson Park, Shelter Five, near 28th street, and on Aug. 29 the members will attend the St. Louis opera to see "The King and I." Money for the tickets must be turned in at the July 25 meeting to Mrs. Myrtle Hickman. The July meeting will be held in the home of Mrs. Cavar, 4600 Maryville road, with Mrs. Ted Waller as co-hostess.

MRS. CHARLES HACKE, a bride of Friday. Before her marriage at the Nameoki Presbyterian Church, she was Carol Atkisson, a daughter of Mr. and Mrs. Jack Atkisson, 1903 Lynn avenue.

### Miss Carol Atkisson Is Bride of Charles Hacke

Miss Carol Atkisson became fabric bones trimmed the front Mrs. Charles Hacke in an eve of the bodices and Watteau pattern. The modest bodice was cut to a portrait neckline and the sleeve tapered at the wrists. The skirt was controlled and tapering for fullness with covered buttons at the back waistline. Securing the full court train at the waist was a delicate lace rose.

A princess crown of miniature seed pearls with crystal tears draped secured the bride's veil of silk illusion and she carried a bouquet of white daisy poms, intermingled with white roses. The guests were seated by two ushers, David Atkisson, the bride's brother, and William Anderson. John Atkisson and Robert Bartling lighted the candles. A reception was held at the church immediately following the ceremony and the couple left afterward for a honeymoon at Pere Marquette Lodge in Graton.

A 1967 graduate of Granite City high school, the bride is employed in St. Louis by the U.S. Army Aviation Materiel Command. Mrs. Hacke graduated from Granite City high school in 1966 and recently completed basic training at the Great Lakes, Ill. Naval Station. He is to report for duty at Davisville, R.I. His wife plans to join him there later.

The rehearsal dinner was given by the bridegroom's parents Thursday evening at the Rose Bowl. Out-of-town guests here for the wedding were Mr. and Mrs. Mitch Drury and children of DeSoto, Mo.; Mrs. Diane Theodore and children of Crystal City, Mo.; Steve Long of Springfield, Ill.; Dennis Mismahar of Peoria, Ill.; Mrs. and Mrs. Glenn Atkisson and family of Marion, Ill.; and Mrs. James Begnette of DeSoto, Mo.

Those holding high scores and winning prizes were Mrs. Agnes Hillmer, first, Mrs. Marie Turner, a guest, second, and Mrs. Catherine Hillmer, third. The hostess served a dessert course to the prize winners and Mesdames Ruth Ann Rotter, Mary Sids, Betty Pieper and Dorothy Renaud.

Plans were made for a family dinner in August. The club will resume its meetings Sept. 12 in the home of Mrs. Pieper, 2801 Benton street.

## WORLDWIDE INTEREST

### IN LEWIS-CLARK PARK

To the Editor:

The writer was greatly impressed by the apparently calm and pleasant expression that seemed to reflect on the faces of two young ladies as they sat atop one of the picnic tables at the Lewis & Clark Memorial Park several days ago during the rising water of the great Mississippi.

As their picture appeared in an area newspaper, a similar picture could, perhaps, have been taken at Marquette Park or any park located along the river in the state of Iowa.

Water attracts people—whether it is in a state of overflow or in its regular boundaries. In parks that, at times, overflow, as soon as the water recedes, people flock back to them in droves, particularly the present three-acre Lewis & Clark Memorial Park.

The Lewis & Clark Memorial Park future plans under the excellent leadership of Clarence Decker as State Lewis & Clark Committee chairman and William T. Lodge, vice-chairman, will bring to the people of Illinois and the whole United States one of the finest parks in the nation.

Nearly 700 acres will be developed with nearly 500 acres above flood stage, with parts of the lower area being built with fill dirt.

This park will attract world-wide tourist attention because of its strategic location at the confluence of two of the world's best known rivers, and because it will be just 14 minutes, by auto, from the downtown area.

A tool used for many years in military reconnaissance is being borrowed by researchers at the University of Minnesota for detecting diseased trees in forested and residential areas.

The tool is infrared color photography. This technique also may prove valuable in the study of diseases in agricultural crops.

Infrared light waves are reflected by healthy foliage, while foliage which shows an infrared color transparency as bright red, indicates a diseased tree.

**Defoliated Trees**  
If the foliage is off color, withing, or if the tree has been defoliated, it appears blue to green on the film. This makes it possible to detect unhealthy foliage or dead trees which the naked eye might fail to detect.

Cameras have flown over several areas at the Twin Cities and out-state regions. The researchers find the results encouraging.

For example, in black spruce stands, trees infected with dwarf mistletoe stand out as bright blue-green on the infrared transparencies, amid the reddish-brown, colored healthy trees around them.

Trees with Dutch Elm disease and oak wilt also have been located, including a tree which had not been found previously by ground detection.

A disease such as oak wilt ordinarily affects the uppermost portions of the tree crown first, which makes it easier to spot from above than from the ground.

The infrared technique has other value. Studies in cooperation with U. S. Department of Agriculture pathologists show that it can sometimes detect insect infestations.

**Parkinson's Law Being Updated**  
(Washington Evening Star)

Parkinson's Law seems about to be pushed aside to make room for an even more penetrating truth about bureaucracy. (The "law" says that any governmental agency, once established, will grow in size and cost without regard to the need for its services.)

The new canon is the Peter Principle, formulated by Dr. Laurence J. Peter, a professor at the University of Southern California.

The Peter Principle is this: In each hierarchy, whether it be government, business, etc., each employee tends to rise to his level of incompetence. Every post tends to be filled by an employee incompetent to execute its duties.

Dr. Peter's theory is that each employee is promoted up the rungs of the organization ladder until he reaches a position for which he is incompetent to fill his duties.

He then, of course, is not promoted any further, but eventually he is removed. He remains for the rest of his career in a job which he is not capable of handling.

Dr. Peter notes that some crit-

Greatest of all, it marks the first and original preparation campaign of the world's greatest expedition ever conducted by man in all history—the Lewis & Clark expedition of 1803-06.

This is the only park in the world to have had \$100,000,000 worth of free publicity prior to its development.

**POPPY DAY FUNDS AID CHILDREN, VETERANS**  
To the Editor:

The ladies of American Legion Auxiliary Unit 113 extend their thanks to citizens, industries, businesses and the Press-Record for their support given to us for our "poppy day" year after year.

Pappy days are conducted by local veterans and their families. We help support a home for veterans of hospitals. We give to the State Hospital. We donate as generously as possible to local fund drives. We give locally and nationally to a great many worthwhile causes.

I believe we work harder at poppy time because it is for the local community.

So thanks to each and every one who has given us support. See you next year.

## Division Posts To Stieber, Koth

David H. Stieber has been appointed to a new position as assistant general manager of A. O. Smith Corporation's automotive division, the Milwaukee-based firm's largest operation. Auto frames are produced at the Granite City plant.

Stieber, who since December 1960 has been the division's director of sales, engineering and quality control, will continue to have responsibility for those functions. In addition, he will now be responsible for A. O. Smith operations at Iona, Mich., where the company has a 955,000-square-foot plant for automobile, truck and transportation equipment assembly and for the mobile, plastic products.

In announcing Stieber's promotion, James E. Borchert, A. O. Smith vice-president and automotive division general manager, also appointed William P. Koth to a new post as division technical manager with responsibility for product and account engineering and quality control.

Koth, who since April 1966, has been manager of account engineering, was reported to Stieber.

In addition to the Iona facility, the automotive division operates a 2,250,000-square-foot automotive frame plant in Milwaukee, where it also has division headquarters, and the 370,000-square-foot frame plant at Granite City, A. O. Smith is the automotive industry's largest and oldest manufacturer of passenger car and truck frames and structural components.

Stieber, 43, has held such other automotive division positions as assistant chief product engineer, new product sales manager and assistant sales manager and sales supervisor. He joined A. O. Smith in March 1949 as an electric motor division sales and application engineer and two years later transferred to the automotive division.

He is a 1948 electrical engineering graduate of Northwestern University and has a master's degree in business administration from Marquette University.

Koth, 44, is a 1948 mechanical engineering graduate of the University of Wisconsin. Since joining A. O. Smith in December 1951, he has held other automotive division executive positions in research and new product development, engineering, and material and process control.

**Traffic Signal Charge**  
Arlene Martin, Milwaukee, Wis., was charged with a traffic signal violation at Johnson and Nameoki roads at 9:40 p.m. Thursday.

**Traffic Charges Filed**  
George Evanoff, Wood River, was arrested at 2:20 p.m. Thursday on charges of speeding and driving an emergency operation at 23rd street and Nameoki road.

## Two Charges Filed Following Collision

An accident at 12:20 p.m. yesterday at Nameoki road and Edwards street resulted in the operator of one vehicle being booked on charges of following too close and having no driver's license. He is to appear by July 25.

David G. Carroll, 17, of 4805 Kirkpatrick Homes, was issued two citations by police after his car struck the rear of an auto operated by Fred Ostendorf, 67, Rural Route Three, Edwardsville, who had stopped to make a left turn onto Edwards street. Both were traveling north on Nameoki road.

**Auto Struck in Rear**  
As the driver slowed for traffic, the rear of an auto driven by Barbara L. Johnson, 3223 Kilgus drive, was struck by another driven by David L. Corbett, 2221 Lee avenue, at 7:35 p.m. Thursday at Pontoon and Maryville roads.
